

POSTCARDS FROM MY SUMMER VACATION

Jonas has gone on vacation. The destination is your choice. He has to send postcards to 7 friends. On the plain side of your index card draw a picture that Jonas might see. On the back of the card write a message.

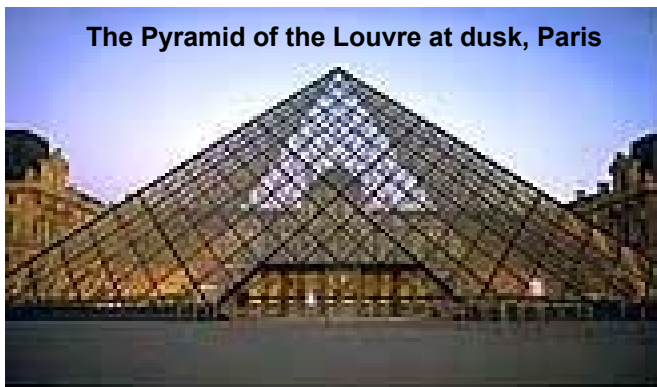

Jonas must send a card to Charles Wallace, Turtle, Meg Murry, Dan Hatch, Asher, Fiona, and Lily.

No two cards can be alike.

Your cards must reflect the character of each person as well as their interests.

The place Jonas visits must be a real place.
