

Music Sestina

I love this music
It relaxes my soul.
It's so passionate,
Like the kind I have for my flute.
I love how it soothes my mind,
It's like a lost key.

It's like a lost key,
That belongs to the never-ending music.
That's so peaceful for my mind
And my soul.
I love my flute
It's so passionate.

It's so passionate,
That is these keys
To my flute.
It makes such beautiful music
Straight from the soul
And right to the mind.

Right to the mind
Was this passionate
Love of my soul
For these keys,
That holds the music
To my flute.

I love my flute
It's so peaceful in my mind
It seems so passionate
Like the keys
To my soul.

This is my soul
They're with my flute.
With the key
To my mind

So passionate
It's like live music.
