

## **old woman**

**Everyone in town  
though the old crippled woman  
was crazier than a mule  
DEPRESSED  
but what they did not know  
was that she was a wise woman  
with good advice and psychic powers  
INTELLIGENT**

**one day a man came in with a suit  
and hat, he said that she was too old and sick to live  
ALONE  
he said that he would have to take her to a nursing  
home she  
REFUSED  
he did not know that she was a psychic woman  
suddenly she started to tell  
him all of the things he needed to do to get his life  
TOGETHER**
